

Less than 500 Portuguese entries in Brazil in 2021

2022-09-27

In 2021, 461 Portuguese entered Brazil, according to data from the Brazilian Ministry of Justice and Public Security. This ministry accounted for a total of 22,719 foreigners entering Brazil, with the Portuguese accounting for 2% of this total. +

After in 2020, the Portuguese arrivals in Brazil reached the minimum value of the entire series under analysis, in 2021 it increases 5%, remaining, however, below 500 annual entries. The number of Portuguese citizens entering Brazil is still far from the figure recorded in 2013: 2,904, the highest in the period under review. The recessive trend in recent years has translated into a relative loss of importance of Portuguese immigration: while in 2013 the Portuguese accounted for 4.7% of the inflows to Brazil, in 2021 they represented only 2%.
